EDUCATION

New York University (NYU)

2009 – 2011

Interactive
Telecommunications Program

National Cheng Kung University

1999-2003

Industrial Design

SKILLS

Strategic

- Information Architecture
- Data Visualization Strategy
- Design Systems
- Service Design

Technical

- Video Coding
- Full-stack Web Dev
- Responsive Grid Systems
- Motion Graphics

Achievements

- System and method for dossier creation with free-form layout
US12141175B2 · Issued Nov 12, 2024
- System and methods for dynamic document viewing
US 11,645,445 · Issued May 9, 2023
- System and methods for responsive container visualizations
U.S. Patent No. 11,216,148 · Issued Jan 1, 2022

PROFILE

Strategic Design Leader with 10+ years of experience bridging the gap between high-scale technology, brand storytelling, and enterprise strategy. A Patented Inventor (3 US Patents) and "The Storyteller" award winner, I specialize in transforming complex data models into cinematic, immersive UX.

Beyond product architecture, I serve as a cross-functional creative engine: partnering with Sales and Consulting to drive "Art of Possible" workshops for Fortune 500 clients, and collaborating with Marketing to define visual narratives for global product keynotes and high-fidelity animations. As a Design Evangelist with 100k+ Medium views and 6 years of keynote experience at global summits (Wynn, Waldorf), I thrive at the intersection of innovation, education, and artistic technology.

EXPERIENCE

Principal Designer

MicroStrategy

2016 – present

The Bridge (Product & Data): Orchestrated the end-to-end design of core BI frameworks (Free-form Dossier, Panel Stacks), securing 3 US Patents for innovative data viewing and layout systems.

Strategic Storytelling: Awarded "The Storyteller" Tec Award for delivering the most impactful product demos. Transformed complex requirements from Pfizer, BofA, and NICE into intuitive, user-centric BI narratives.

AI & Branding: Spearheaded the creation and evolution of the corporate mascot "AUTO 2.0" using AI-assisted design, motion graphics, and 3D modeling, presenting the company's AI vision on global keynote stages.

Thought Leadership: Delivered keynote design sessions for 6+ consecutive years at global conferences, evangelizing Design Thinking and modern dashboard principles to 100,000+ readers on Medium.

Independent Artist & Creative Technologist

Fu-design

2003 – present

Art x Technology: 20+ years of experience in physical interaction art, robot sculpting, and iOS game development.

Kurodot.io: Founded a telemetry-driven virtual gallery, independently developing the full-stack infrastructure (Cloudflare, Database, Auth) to explore the "Art of Possible" in digital curation.

EXPERTISE

Languages

- Mandarin – Native
- English – Fluent

Technical

- Figma
- Lottie
- Adobe Photoshop
- Visual Studio Code
- Gemini AI Studio

PERSONALITY

- Creative Thinking
- Open-minded
- Goal-oriented
- Fast learning

INTERESTS

- Art
- Languages
- Travelling

SPEAKING & THOUGHT LEADERSHIP

2026 | Wynn Las Vegas

- **From Meh to Marvelous: Designing Dashboards That Wow** – Focusing on high-fidelity UX to drive emotional engagement with data.
- **Make It Yours: Customizing Strategy Your Way** – Developing scalable, modular design systems for enterprise-wide personalization.

2025 | Signia by Hilton, Orlando | Strategy HQ

- **Transforming Dashboards: Building Dynamic Applications with AI** – Focusing on high-fidelity, cinematic UX to drive emotional engagement with data.
- **Tips & Tricks for Advanced Visualizations** – Advanced rendering techniques for complex, multi-dimensional datasets.
- **Level Up: Intro to Building Advanced Dashboards** – Establishing the foundational "Design Thinking" methodology for BI.
- **Hilton Hackathon**

2024 | Resorts World Las Vegas

- **Level Up: Elevate & Enhance Your Digital Experience** – Exploring the synergy between motion, UI, and immersive storytelling.

2023 | Waldorf Astoria, Orlando | MicroStrategy New York office

- **Refresh and Redesign: The Art of User-Centric Applications** – Leading strategic redesigns for Fortune 500 partners (Pfizer, BofA, etc.).
- **Pfizer 3-day Design Workshop**

2021 – 2022 | Global Virtual Events

- **The Art of Possible: Dossier Design Best Practices** – Defining the industry standard for responsive, free-form layouts (Patented Inventor).
- **Telling a Story with MicroStrategy Dossier** – Bridging the gap between raw data engineering and executive narratives using the 4W Framework.

EXTRA

Public Speaking

5-6 years of annual conference speaking experience; expert in communicating "Design Thinking" to both technical engineers and business executives.

Technical Evangelism

Top writer in Muzli and Cubed; articles on modern dashboard design have surpassed 100,000+ total views.

Interactive Innovation

Expert in Video Coding and Rapid Prototyping, capable of building functional end-to-end kiosks and interactive IoT art from scratch.
